TO OUR STOCKHOLDERS:

The Annual Report of our Company for 1946 including Comparative Financial Statements is submitted herewith.

The continuous growth of the Company from its inception, as evidenced by the figures on Page 9, we believe will prove of interest.

Total sales for 1946 were \$113,228,967, an increase of \$12,360,208 over the 1945 record.

Net income for 1946, after taxes and all other charges, amounted to \$7,582,272 compared with \$3,309,135 for 1945.

After providing for dividends on the Preferred Stock, the 1946 earnings equaled \$4.74 per share on the Common Stock of which there are 1,521,784 shares outstanding compared with \$1.93 earned per share in 1945.

Dividends paid to Common Stockholders during 1946 equaled \$2,054,408 compared with \$913,070 paid in 1945.

Common Dividend rates were 25 cents per share for the first three quarters of 1946, 35 cents for the fourth quarter with an extra dividend of 25 cents paid in December, making a total of \$1.35 per share paid for the year 1946.

At the February 1947 meeting, the Board of Directors declared a dividend of 50 cents per share on the Common Stock payable April 1, 1947.

Salaries and wages paid employees during 1946 totaled \$19,303,412 compared with \$16,805,145 in 1945.

The elimination of the excess profits tax resulted in a reduction of Federal income taxes to \$4,675,000 for 1946 as compared with \$8,443,241 for 1945, however, other taxes continue to represent a major item of expense. Without giving effect to Social Security Taxes, all other items in this category amounted to \$608,931 for the year 1946 as compared with \$558,838 for the year 1945; for Social Security Taxes, which includes the Federal Old Age Pension and State Unemployment Insurance, the Company paid \$454,167 in 1946 compared with \$405,226 in 1945. The Company also collected for Federal, state and municipal authorities sales and excise taxes of \$1,193,789 for the year 1946 as compared to \$1,056,202 for 1945.

In 1946 the Company established a Group Insurance Plan which includes Life Insurance, Hospitalization, Surgical, Accident and Health Benefits. Under this Plan the Company bears the entire premium cost and the coverage is extended to all personnel who have been in the employ of the Company one year or longer. The cost of this to the Company from August 15, 1946 to December 31, 1946 amounted to \$69,581.

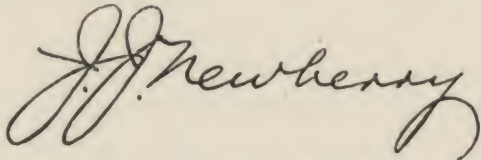

The employees eligible for the Newberry Pension Plan paid \$89,580 and the Company's share was \$177,060 for 1946.

During war years the Company's normal store expansion was of necessity curtailed by government restrictions. Extensive plans have been made for much needed enlargement and modernization of many present stores to insure the Company's future competitive position. This expansion program entailing several million dollars will proceed as rapidly as restrictions are modified and building costs warrant.

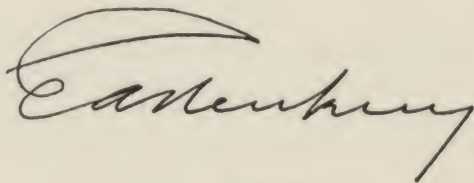

We were pleased to welcome back into the organization most of the employees who left to enter the service of their country during the war.

On behalf of the Company, the Board of Directors take this opportunity to express appreciation for the splendid cooperation received from our employees and also to commend them for their faithfulness and loyalty.

Very truly yours,

A handwritten signature in dark ink, appearing to read "J. J. Newberry". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Chairman of the Board.

A handwritten signature in dark ink, appearing to read "E. A. Newberry". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

President.

ACCOUNTANTS' REPORT

To The Board of Directors,
J. J. NEWBERRY Co.,
New York, N. Y.

We have examined the consolidated balance sheet of J. J. Newberry Co. and subsidiary companies as of December 31, 1946 and the statements of consolidated profit and loss and surplus for the year then ended, have reviewed the system of internal control and the accounting procedures of the companies and, without making a detailed audit of the transactions, have examined or tested accounting records of the companies and other supporting evidence, by methods and to the extent we deemed appropriate. Our examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which we considered necessary.

In our opinion, the accompanying consolidated balance sheet and related statements of consolidated profit and loss and surplus present fairly the consolidated position of J. J. Newberry Co. and subsidiary companies at December 31, 1946 and the results of the operations for the year, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.
